

EXPERTS IN INDUSTRIAL FLOORING

# Congratulations to Marzetti's

## FlorLine

GROUP

MAXIMIZING PRODUCTIVITY AND REDUCING RISK FOR OVER 20 YEARS

FlorLine Group Congratulates

**T. Marzetti Company**

*Winner, 2007 New Food Plant of the Year!*

The right flooring system, properly installed, minimizes downtime, maximizes productivity and helps ensure regulatory compliance and plant safety.

FlorLine Group is proud to have installed 50,000 sq. ft. of specialty flooring for T. Marzetti Company, Food Engineering Plant of the Year award winner. *Thank you for your business!*

**The Right Application. The Right Product.  
The Right Solution. The FlorLine Group.  
Right Every Time! Call us. We'll floor you, too!**

*Call us at 1-800-452-2098 or visit [www.florline.com](http://www.florline.com)*

*You'll be floored with  
what we can do!*

- **Little Debbie**

**FlorLine**  
GROUP

# Who We Are

- ◆ We have the expertise, manpower and equipment to handle any project, anywhere in the country

## *Just Ask...*

- **Ford Motor Company**
- **Westinghouse**
- **Timken**
- **General Motors**
- **Nissan**
- **Honda**
- **Rubbermaid**
- **Gillette**
- **Harley-Davidson**

# Who We Are

## ◆ Problem-Solvers:

- Comprehensive site survey, analysis and recommendation
- Knowledgeable estimators and sales staff
- Value engineering matches quotations and bids to client budget and expectations
- Timely, professional installation
- Ongoing technical support

# Who We Are

You can be confident in our  
quality and value!

## *Just Ask...*

- **EMC**
- **Sony**
- **Fujitsu**
- **Lucent Technologies**
- **Emerson**
- **Parker Aerospace**
- **Philips**

# What We Do

- ◆ FlorLine Group leads the industry in the use and development of:
  - Emerging products
  - Floor coating technologies
  - Floor coating equipment

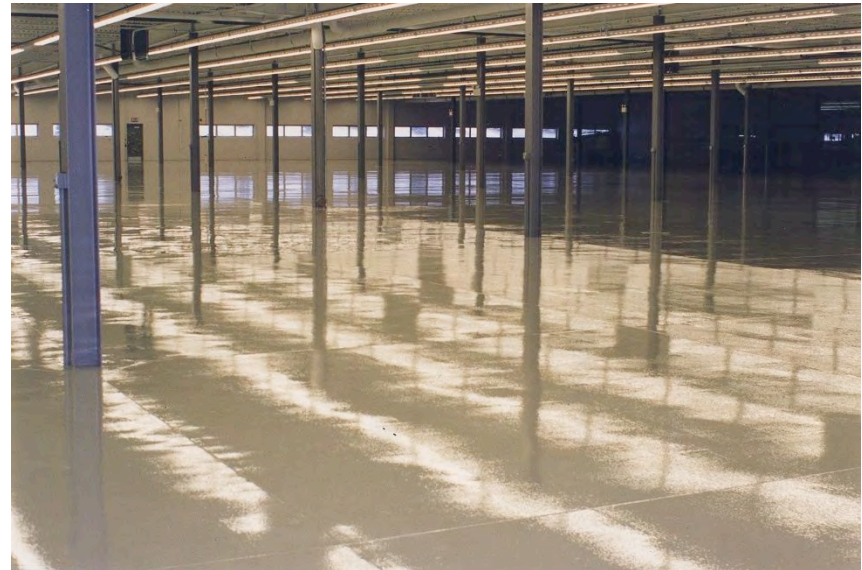

# What We Do

- ◆ And, we are experts in industrial floor coating technology, including:
  - Mechanical preparation of floors and walls
  - Concrete polishing, hardeners and dust proofing; all meeting “green” building standards

# What We Do

- ◆ **Our expertise:**
  - Vapor emissions control systems
  - Electro-Static Dissipative and Electro-Conductive flooring systems
  - Seamless floor and wall systems
  - Polyurea joint treatment

# What We Do

- ◆ We have the know-how and experience to solve any of your flooring challenges, including:
  - Thermal shock damage
  - Dust control problems
  - Static control issues
  - Severe floor abrasion
  - Concrete planing and grinding

# What We Do

## ◆ Solving Challenges:

- The need to correct or re-pitch a sloping floor
- Aggressive cleaning damage
- Chemical damage and containment
- Safety issues

# What We Do

- ◆ We offer flooring systems for any environment or application, including:
  - Coatings: 10 mil.– 30 mil.
  - Broadcast: 50 mil.– 125 mil.
  - Self-leveling floors:  
90 mil.–250 mil.
  - Troweled toppings:  
125 mil. – 375 mil.(1/8"-3/8")

# What We Do

- ◆ And we offer wall/ceiling systems for any environment or application, including:
  - Coatings: 10 mil. – 30 mil.
  - Sprayed fiberglass: 40 mil. – 125 mil. (1/8")
  - Troweled walls: 125 mil. (1/8") – 250 mil.(1/4")

# What We Do

- ◆ Our system designs are typically based on:
  - Environment
  - Usage patterns
  - Expectations for service life
  - Budget

# What We Do

◆ **The elements we consider include:**

- Physical usage
- Motorized traffic
- Mechanical damage
- Safety
- Compliance
- Chemical exposure
- Production schedule
- Thermal shock
- Looks/Aesthetics

# What We Do

- ◆ We support application-specific designs for walls including:
  - Epoflex flexible systems
  - StranLock fiberglass systems
  - Troweled walls

# What We Do

- ◆ We also support all approved techniques and products for cove base designs, including:
  - Spoon coves
  - Radius coves from ½-inch to 3-inches
  - 45-degree coves
  - All types of concrete piers, curbs and trenches

# What We Do

You can be confident in  
our know-how and  
experience!

## *Just Ask...*

- **Cleveland Clinic**
- **Carnegie Mellon**
- **West Virginia University**
- **Case Western**
- **Ohio State University**
- **Kent State**
- **Pittsburgh Medical Research**
- **Cleveland Metro Research**

# What We Do

- ◆ We are certified applicators of W.R. Meadows and VIC International's Induroshine<sup>TM</sup> concrete hardening and polishing system.
  - Induroshine<sup>TM</sup> is a "GreenSpec" product on [www.GreenSpec.com](http://www.GreenSpec.com)
  - FlorLine can help clients qualify for U.S. Green Building Council (USGBC) "LEED" credits

# How We Work

## ◆ People are our strength:

- Safety policies and training are unequalled
  - 0.18 EMR rating
  - Field personnel are required to complete OSHA 10-hour, 30-hour and 40-hour training
- We are a drug-free workplace
- All personnel attend internal and vendor training
- Both Union and Merit Shop project support

# How We Work

- ◆ We partner with these industry-leading manufacturers of protective flooring products:

- General Polymers
- Sherwin-Williams
- Sika
- Dudick
- BASF
- Rust-Oleum
- Dur-A-Flex
- Valspar
- Ceilcote
- Silikal
- Dex-O-Tex
- ICS Garland
- Key Resin
- LM Scofield
- Retroplate
- W.R. Meadows
- Vic International
- Blome International

# How We Work

You can be confident  
in our pride and  
commitment!
